SOFITEL
RESIDENCES

WHETHER IT'S ARCHITECTURE, CUISINE OR LIFESTYLE,
KUALA LUMPUR IS ONE OF THE MOST DIVERSE
AND CULTURALLY EXCITING PLACES ON EARTH.

KL - AS IT'S KNOWN - IS A THRIVING METROPOLIS
THAT BUZZES WITH BUSINESS AND TRADE EVERY DAY.

AS A CAPITAL FAMED FOR PEOPLE COMING TOGETHER
TO LIVE IN HARMONY, IT'S FITTING THAT KL DERIVES ITS NAME
FROM THE CONFLUENCE OF TWO RIVERS. SIMILARLY UNITED,
THE ICONIC PETRONAS TWIN TOWERS STAND PROUDLY TOGETHER
AGAINST THE RESPLENDENT MALAYSIAN SKYLINE.

WHILE KL'S HISTORY FASCINATES,
IT IS ITS FUTURISTIC OUTLOOK THAT REALLY EXCITES.

WILL YOU BE PART OF IT?

RICH HERITAGE UNDER AN ETERNAL SUMMER
The Independence Square is surrounded by Mughal style colonial buildings, a token of the country's history.

A DYNAMIC DESTINATION

This is Kuala Lumpur. A city of eternal summer. A cradle of diversity. A realm of eclectic legacies. The capital of Malaysia concentrates the creme de la creme of a tropical country with a stroke of colonial allure.

As the only global city in Malaysia, Kuala Lumpur has risen from its humble beginnings as a tin mining hamlet into one of the strongest economic powers in Asia. Despite the hustle and bustle, the city's friendly vibes and its large english-speaking population make it one of the most visited, liveable cities in the world.

WELCOME TO KUALA LUMPUR

AT ONCE INTERNATIONAL AND TRADITIONAL, ITS OPEN CHARM IS PROVED TO BE IRRESISTIBLE.

Multilayered. Colourful. Harmoniously contrasting. Kuala Lumpur offers a never-ending discovery.

While Oxley Towers is an epic vision, investors can rest assured the finer details have been carefully attended to. That's why when it came to fitting and installing each property with premium quality appliances, only exceptional brands cut it.

De Dietrich kitchen appliances were specially chosen because they are synonymous with first class design allied to the kind of engineering excellence you'd expect from a company that's been around for 330 years. Prestige and quality are its hallmarks, which is why it's so revered and relied on by culinary enthusiasts.

With regard to ceramic fittings, Ceramic Villeroy & Boch has been specially selected to supply each apartment. Furnished with a legacy that goes all the way back to 1748, this brand is one of Europe's finest and most respected manufacturers of basins, tiles and lavatories.

Stone: Stone is a natural material containing veins with tonality differences. There will be colour and markings caused by their complex mineral composition and incorporated impurities. It is not possible to achieve total uniformity i.e. consistency of colour, grain and appearance between the individual pieces of stone in their selection and installation due to it being a natural stone.

Engineered timber: Engineered wood strips consists of natural wood veneer on plywood or hardwood backing which may result in in the surface containing veins with tonality differences. It is not possible to achieve total consistency of texture, colour and grain in their selection and installation. Engineered wood strips are generally less susceptible to thermal expansion and contraction. However, due to the thickness of the wood veneer, it can only be lightly sanded down to repair any damages or to re-finish for a few times and its' surface is more susceptible to chipping and/or de-lamination over time which is beyond the control of the builder and the Developer.

Tiles: Selected tiles sizes, dimensions and tile surface flatness cannot be perfect and are subject to an acceptable range of variance described by the relevant quality standards.

Brand and Model: The choice of brand and model of the fittings, equipment and appliances supplied shall be subject to availability
